Being your own boss, with regard to the care you receive, has rewards and challenges.

Typically, the self directing Client is very attached to the caregiver, and the caregiver, too, is in relationship with the client, beyond the services they provide.

Consequently, the problems of your caregiver impact on you.

In an Agency relationship, the typical aggravation issues have to do with:

Pay rate

Timely payment

Pay misunderstanding

Accessibility of pay

At Saint Raphael Direct Care we pride ourselves on our **pay rates** (which are 'top') and our **perfect pay record**. In addition to a **weekly pay schedule**, we offer **Direct Deposit** and **Visa Payroll Card**®.

The **most accessible and convenient option** is the **Visa Payroll Card**, with this option, pay is in the caregivers' account by 9:00 am every **Friday**.

- Cash can be withdrawn through any ATM.
- It can be used at millions of locations worldwide.
- There is no need to open a checking account.
- There are no delays in the mail.
- There are no extra trips to the bank or the Agency.

We have found that the level of satisfaction the caregiver experiences, in working with us, ensures a long and pleasant relationship with **the boss**.
